

# COVID-19 UPDATE

The health and well-being of El Centro residents, visitors, and employees during the COVID-19 outbreak remains our top priority. Due to the COVID-19 crisis, effective March 19, 2020 the following temporary protocol regarding building inspections will be implemented:

- Building Inspectors will not enter occupied residences for inspection. Any inspections for minor interior work will be held off until a later date. We will not be expiring permits due to lack of inspections.
- Building Inspectors will do electrical repairs, electrical meter upgrades and plumbing inspections. (Only in cases where the occupants of the dwelling would not have electricity, gas or water and sewer services without the inspection.

The following inspections will be performed and we ask that no one approaches the inspector during the inspection:

- Roofing/reroofing permit and inspections
- Windows inspections
- Foundation inspections
- Framing inspections, exterior only or non-occupied building
- Rough Mechanical, Electrical & Plumbing inspections, exterior only or non-occupied building.
- Lath, stucco & plaster, exterior only or non-occupied building
- Sheer panel, exterior only or non-occupied building
- Sign installations, exterior only or non-occupied building
- Solar installations, exterior only or non-occupied building
- Demolition permits, exterior only or non-occupied building
- Insulation, exterior only or non-occupied building
