El Centro Aquatic Center Resumes Operations

El Centro, Ca., September 2, 2023 – Today, there was a power outage at the Aquatic Center that affected operations of the facility. The facility was briefly closed in order to maintain public safety. Power was restored at approximately 10:40 AM and facility operations have resumed. Please note that due to the storm, phone lines were affected, and the phone system continues to be down. We are working with AT&T to correct this issue.

If you have a birthday party scheduled with us, we will continue as planned. If you would like a refund due to weather inconveniences, please feel free to contact us so that we can coordinate your refund. Today’s Aquatic Center hours are as follows:

Lap Swim 8 AM – 10 AM

Public Swim 11AM – 5 PM

Lazy River 11 AM – 4 PM

Please contact Adriana Nava, Community Services Director at (760) 791-8504 regarding any questions about the facility. We thank you in advance for your understating.
