Power restored to most of GIO’s Mobile Home Estates

El Centro, Ca. — August 12, 2024 — GIO's Mobile Home Estates Power Restoration Update

We are pleased to announce that power has been restored to all but 16 mobile homes at Gio's Mobile Home Estates. If you are a resident of one of the affected homes, please reach out to mobile home park management at 760-352-4760 for additional information.

We would like to express our sincere gratitude to the Imperial Irrigation District, the County of Imperial, Galindo Electric, Gio’s mobile home park management and ownership, and to our City of El Centro team for their dedicated efforts in supporting our residents.

We are actively advocating in collaboration with these organizations to restore power to the remaining homes as swiftly as possible.

Thank you for your patience and understanding.
