Road Closure Necessary for Construction Activities in the City of El Centro

EL CENTRO, CA – January 16, 2025 – Danenberg Avenue between Farnsworth Lane and Dogwood Avenue will be closed to traffic due to construction activities necessary from January 21, 2025 through Fall 2025. As construction progresses, the road closure will expand to include Danenberg Avenue between 4th Street (SR-86) and Dogwood Road in the coming weeks.

It is recommended to use alternative routes. Please be cautious and follow all traffic control and detour signage. Construction activities support the El Centro Southern Pump Station Project, which improves wastewater collection system reliability, and expands sewer access to the City’s southeast quadrant.

For questions or additional information, please contact the City of El Centro Engineering Division at (760) 337-5182.

Thank you for your understanding and cooperation.
