El Centro Public Library Launches Summer Reading Program with Wild Wonders

EL CENTRO, Calif. — June 10, 2025 — The El Centro Public Library is kicking off its annual Summer Reading Program on Wednesday, June 11, at 11 a.m. with a special appearance by Wild Wonders, an interactive wildlife show featuring exotic animals and educational commentary.

Wild Wonders will bring a variety of animals for children and families to see up close, including wallabies, fennec foxes, and more. The program highlights animal conservation and provides an opportunity for attendees to learn about wildlife in a fun and engaging way.

“The El Centro Public Library continues to be a place of learning, imagination, and connection for our community,” said Mayor Sonia Carter. “We are proud to launch this year’s Summer Reading Program with an exciting event like Wild Wonders. It’s a great way to encourage children and families to explore the world through books, discovery, and hands-on experiences. We invite everyone to take part in the activities planned all summer long.”

The Summer Reading Program continues throughout June and July, offering activities for all age groups. Participants can look forward to themed storytimes, crafts, reading challenges, live performances, and more. Parents will also be able to sign up their children for additional Summer Reading Program activities during the kickoff event.

Wednesday’s kickoff event will take place at the El Centro Public Library, located at 1198 N. Imperial Avenue. Admission is free and open to the public. Follow the Library’s Facebook page /ECLibrary92243 for more information.
